AUSTRALIAN DREAM RE-RELEASE

Live Performance by Mohsen Soltany Zand with Datson

Mohsen collaborates with DATSON, the electronica project of Geoffrey Datson and Annette Hughes, in relaunching his album Australian Dream. On a range of handmade, electronically affected instruments, they create a sound field of Iranian-voiced, velvet-underground English folk into which Mohsen patterns his words.

Also featuring poet and activist Saba Vasefi, joined by her daughter Minerva Khodabande on cello.
